Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Respondent Michael D. Colburn (dob 5-24-60) is and was at all times relevant to the facts set forth herein a physician and surgeon licensed in the State of Wisconsin pursuant to license # 37701, first granted on 5-24-96. Respondent is a vascular surgeon.

2. From 8-9-96 through 11-7-97, respondent phoned in prescriptions for hydrocodone 5mg and codeine 30 mg purportedly for his wife using his wife's maiden name. Respondent prescribed 2460 tablets at five different pharmacies over this 479 day period and was using 5-6 tablets per day. Respondent then picked up this medication himself at each pharmacy. His wife had no medical condition that required the use of these medications. Respondent prescribed and obtained the medication for his personal use.

3. On several occasions, prescriptions were issued and filled at more than one pharmacy on the same day or at a two to three day interval. This was excessive use because the prescriptions were for a six to seven day supply.

5. Between 12-8-97 through 2-17-98, respondent was in an outpatient follow-up program at Gunderson Lutheran in La Crosse, WI.

6. On or about 11-7-97, respondent stated to a La Crosse Police Detective who was investigating this matter that he had prescribed the hydrocodone described above for his wife, who had recently given birth. This statement was false, was known by respondent to be false when made, and was made with the intent that the detective be misled in his investigation of the matter.

These releases shall also authorize the Supervising Health Care Provider, the Board or its designee to discuss the Respondent's health care with the person who prescribed, dispensed, administered or ordered this medication. The Supervising Health Care Provider (or designee) shall request the specimens from Respondent and these requests shall be random with respect to the hour of the day and the day of the week. In addition, the Board or its designee may at any time request a random monitored urine, blood or hair specimen from Respondent by directing the Department Monitor in the Department of Regulation and Licensing, Division of Enforcement to contact Respondent and request Respondent provide a specimen. To prevent the respondent's ability to predict that no further screens will be required for a given period (because the minimum frequency for that period has been met), the program of monitoring shall require respondent to provide in each quarter at least two (2) random screenings in excess of the minimums specified in this Order.
10. Respondent shall keep the Supervising Health Care Provider informed of Respondent's location and shall be available for contact by the Supervising Health Care Provider at all times.

 - b. Respondent's last provided specimen was determined by the laboratory to have a specific gravity of less than 1.003 and creatinine concentration below 0.2 g/l;
 - c. The collection site person observes Respondent acting in such a manner to provide reason to believe that Respondent may have attempted or may attempt to substitute or adulterate the specimen. The collection site person, if he or she believes that the initial urine

specimen may have been adulterated or a substitution made. shall direct Respondent to provide an additional observed urine specimen:

- d. The last provided specimen resulted in a positive or suspected positive test result for the presence of controlled substances; or
- e. The Board (or any member of the Board), the Department Monitor, or Respondent's Supervising Health Care Provider directs that the urine specimen collection be by direct observation.

If either of the above conditions (a) or (c) requires collection of an additional observed urine specimen, the collection of the subsequent specimen shall be accomplished within the required five (5) hours of the request for the initial specimen; the collection of the initial specimen shall not satisfy the requirement that the urine specimen be collected within five (5) hours of the request for the initial specimen.

- 12. The drug and alcohol treatment program in which Respondent is enrolled shall at all times utilize a United States Department of Health and Human Services certified laboratory for the analysis of all specimens collected from Respondent.
- 13. The drug and alcohol treatment program in which Respondent is enrolled shall utilize only those urine, blood and hair specimen collection sites for collection of Respondent's urine, blood or hair specimens as comply with the United States Department of Transportation collection and chain of custody procedures set forth in 49 CFR Part 40.
- 14. The Supervising Health Care Provider, treatment facility, laboratory and collection site shall maintain a complete and fully documented chain of custody for each urine, blood or hair specimen collected from Respondent.
- 15. Every urine specimen collected from Respondent shall be analyzed at the time of collection for tampering by measurement of the temperature of the specimen and the oral temperature of Respondent. Every urine specimen collected from Respondent shall be further analyzed at the laboratory for tampering by measuring the creatinine concentration and the specific gravity of the specimen. The laboratory may at its discretion or at the direction of a Supervising Health Care Provider or the Board or any member thereof conduct additional tests to evaluate the urine specimen for tampering including, but not limited to, pH, color and odor.
- 16. Every urine, blood or hair specimen collected from Respondent shall be analyzed for alcohol, amphetamine, cocaine, opiates, phencyclidine, marijuana, methadone, propoxyphene, methaqualone, barbiturates, benzodiazepines, or the metabolites thereof. The Board or its designated agent may at any time direct that screens for additional substances and their metabolites be conducted by scientific methods and instruments appropriate to detect the presence of these substances. The laboratory shall conduct confirmatory tests of positive or suspected positive test results by appropriate scientific methods and instruments including, but not limited to, gas chromatography and mass spectrometry.
- 17. All urine, blood or hair specimens remaining after testing shall be maintained in a manner necessary to preserve the integrity of the specimens for at least seven (7) days; and all positive or suspected positive urine, blood or hair specimens remaining after testing shall be so maintained for a period of at least one (1) year. The Supervising Health Care Provider or the Board or any member thereof may direct that the urine, blood or hair specimens be maintained for a longer period of time.

18. For the purpose of further actions affecting Respondent's license under this Order, it shall be presumed that all confirmed positive reports are valid. Respondent shall have the burden of proof to establish that the positive report was erroneous and that the respondent's specimen sample did not contain alcohol or controlled substances or their metabolites.
19. If any urine, blood or hair specimen is positive or suspected positive for any controlled substances or alcohol, Respondent shall promptly submit to additional tests or examinations as the Supervising Health Care Provider shall determine to be appropriate to clarify or confirm the positive or suspected positive urine, blood or hair specimen test results.

Required Reporting by Supervising Health Care Provider, and laboratories

20. The Supervising Health Care Provider shall report immediately to the Department Monitor in the Department of Regulation and Licensing, Division of Enforcement by FAX or telephonic communication: any failure of Respondent to provide a urine, blood or hair specimen within five (5) hours from the time it was requested; or of any inability to locate Respondent to request a specimen. The laboratory shall immediately report all urine specimens suspected to have been tampered with and all urine, blood or hair specimens which are positive or suspected positive for controlled substances or alcohol to the Department Monitor, and to the Supervising Health Care Provider.
21. The laboratory shall within 48 hours of completion of each drug or alcohol analysis mail the report from all specimens requested of Respondent under this Order to the Department Monitor (regardless of whether the laboratory analysis of the specimen was positive or negative for controlled substances, their metabolites or alcohol). Each report shall state the date and time the specimen was requested; the date and time the specimen was collected; the results of the tests performed to detect tampering; and the results of the laboratory analysis for the presence of controlled substances and alcohol.
22. The Supervising Health Care Provider shall submit formal written reports to the Department Monitor in the Department of Regulation and Licensing, Division of Enforcement, P.O. Box 8935, Madison, Wisconsin 53708-8935 on a quarterly basis, as directed by the Department Monitor. These reports shall assess Respondent's progress in the drug and alcohol treatment program and summarize the results of the urine, blood or hair specimen analyses. The Supervising Health Care Provider shall report immediately to the Department Monitor [Division of Enforcement, P.O. Box 8935, Madison, Wisconsin 53708-8935, FAX (608)266-2264, telephone no. (608)267-7139] any violation or suspected violation of the Board's Final Decision and Order.

Required reporting by Respondent

23. Respondent is responsible for compliance with all of the terms and conditions of this Final Decision and Order. It is the responsibility of Respondent to promptly notify the Department Monitor, of any suspected violations of any of the terms and conditions of this Order, including any failures of the Supervising Health Care Provider, treatment facility, laboratory or collection sites to conform to the terms and conditions of this Order.

Facility approval

24. If the Board determines that the Supervising Health Care Provider, treatment facility, laboratory or collection sites have failed to satisfy the terms and conditions of this Final Decision and Order, the Board may, at its sole discretion, direct that Respondent continue treatment and rehabilitation under the direction of another Supervising Health Care Provider, treatment facility,

laboratory or collection site which will conform to the terms and conditions of this Final Decision and Order

PETITIONS FOR MODIFICATION OF TERMS

25. Respondent shall appear before the Board at least annually to review the progress of treatment and rehabilitation. Respondent may petition the Board for modification of the terms of this limited license and the Board shall consider Respondent's petition at the time it meets with Respondent to review the progress of rehabilitation. Any such petition shall be accompanied by a written recommendation from respondent's Supervising Health Care Provider expressly supporting the specific modifications sought. Denial of the petition in whole or in part shall not be considered a denial of a license within the meaning of Sec. 227.01(3)(a), Stats. and Respondent shall not have a right to any further hearings or proceedings on any denial in whole or in part of the petition for modification of the limited license.

After five years of continuous active professional practice under this Order and without relapse, upon satisfactory restitution of any losses caused by respondent's conduct which led to this Order, and upon recommendation of the Supervising Health Care Provider and Professional Mentor, respondent may petition the Board for a termination of all limitations on the license, and restoration of an unlimited license. Such restoration shall be in the sole discretion of the Board, and denial of the petition in whole or in part shall not be considered a denial of a license within the meaning of Sec. 227.01(3)(a), Stats. and Respondent shall not have a right to any further hearings or proceedings on any denial in whole or in part of the petition for termination of the limitations and restoration of unlimited licensure.

EXPENSES OF TREATMENT AND MONITORING

26. Respondent shall be responsible for all costs and expenses incurred in conjunction with the monitoring, screening, supervision and any other expenses associated with compliance with the terms of this Order.

PRACTICE LIMITATIONS

Change in Address or Work Status

28. Respondent shall furnish a copy of this Order to all present employers immediately upon issuance of this Order, and to any prospective employer when respondent applies for employment as a health care provider.

IT IS FURTHER ORDERED, that respondent shall pay the costs of investigating and prosecuting this matter in the amount of \$150, within 30 days of this order.

IT IS FURTHER ORDERED, that respondent is REPRIMANDED for his conduct in giving false information to the investigating police detective in this matter. But for the fact that respondent has not been practicing medicine for several months pursuant to informal agreement with the Board and has thus been effectively suspended during that time, respondent's license would have been suspended for not less than thirty days for this conduct. But for his circumstances in having lost his income and employment, he also would have been ordered to pay a forfeiture for this conduct.

IT IS FURTHER ORDERED, that pursuant to §448.02(4), Wis. Stats., if the Board determines that there is probable cause to believe that respondent has violated any term of this Final Decision and

Order, the Board may order that the license and registration of respondent be summarily suspended pending investigation of the alleged violation.

NOTICE OF RIGHTS OF APPEAL

TO: JAMES G BIRNBAUM ATTY

You have been issued a Final Decision and Order. For purposes of service the date of mailing of this Final Decision and Order is 7/24/98. Your rights to request a rehearing and/or judicial review are summarized below and set forth fully in the statutes reprinted on the reverse side.

A. REHEARING.

Any person aggrieved by this order may file a written petition for rehearing within 20 days after service of this order, as provided in section 227.49 of the Wisconsin Statutes. The 20 day period commences on the day of personal service or the date of mailing of this decision. The date of mailing of this Final Decision is shown above.

A petition for rehearing should name as respondent and be filed with the party identified below.

A petition for rehearing shall specify in detail the grounds for relief sought and supporting authorities. Rehearing will be granted only on the basis of some material error of law, material error of fact, or new evidence sufficiently strong to reverse or modify the Order which could not have been previously discovered by due diligence. The agency may order a rehearing or enter an order disposing of the petition without a hearing. If the agency does not enter an order disposing of the petition within 30 days of the filing of the petition, the petition shall be deemed to have been denied at the end of the 30 day period.

A petition for rehearing is not a prerequisite for judicial review.

B. JUDICIAL REVIEW.

Any person aggrieved by this decision may petition for judicial review as specified in section 227.53, Wisconsin Statutes (copy on reverse side). The petition for judicial review must be filed in circuit court where the petitioner resides, except if the petitioner is a non-resident of the state, the proceedings shall be in the circuit court for Dane County. The petition should name as the respondent the Department, Board, Examining Board, or Affiliated Credentialing Board which issued the Final Decision and Order. A copy of the petition for judicial review must also be served upon the respondent at the address listed below.

A petition for judicial review must be served personally or by certified mail on the respondent and filed with the court within 30 days after service of the Final Decision and Order if there is no petition for rehearing, or within 30 days after service of the order finally disposing of a petition for rehearing, or within 30 days after the final disposition by operation of law of any petition for rehearing. Courts have held that the right to judicial review of administrative agency decisions is dependent upon strict compliance with the requirements of sec. 227.53 (1) (a), Stats. This statute requires, among other things, that a petition for review be served upon the agency and be filed with the clerk of the circuit court within the applicable thirty day period.

The 30 day period for serving and filing a petition for judicial review commences on the day after personal service or mailing of the Final Decision and Order by the agency, or, if a petition for rehearing has been timely filed, the day after personal service or mailing of a final decision or disposition by the agency of the petition for rehearing, or the day after the final disposition by operation of the law of a petition for rehearing. The date of mailing of this Final Decision and Order is shown above.

The petition shall state the nature of the petitioner's interest, the facts showing that the petitioner is a person aggrieved by the decision, and the grounds specified in section 227.57, Wisconsin Statutes, upon which the petitioner contends that the decision should be reversed or modified. The petition shall be entitled in the name of the person serving it as Petitioner and the Respondent as described below.
